To secure a challenging position in a reputable organization to expand my learning, knowledge, and skills and secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

EXPERIENCE

AUGUST-2021 – TO DECEMBER-2021

INTERNSHIP

WEB DESIGNER, GOOGLE ANALYTICS, SEARCH ENGINE OTIMIZATION, BACKEND ACTION FOR INDIA - DELHI

I joined the company AFI as an intern, where I had worked there as a web designer. I did web development and I manage their whole website on the interworx panel, I have created so many pages and implemented on the company site. Also I had managed their SEO (Search Engine Optimization) score and worked on SEO management. Also I did the backend coding also. For knowing how the company website grows I did work on Google analytics where I need to make a weekly and monthly comparative analysis report of their website. I have to do research on the new technologies and also mandatorily need to develop or implement on the website, so I had done research and development for the company also.

LEADERSHIP AND INTERPERSONAL SKILLS

I organized an event during the lockdown period where I had managed team of 8 Friends for this event management and I am the leader of this event. As the event we organized in Covid pandemics so we have to manage this event from work from home, it was the best experience I had. For this event I created a responsive website and an Android Application the links will be given below,

Website:

<https://ash2609.github.io/coeafair.github.io/>

Android App:

https://drive.google.com/file/d/1gCAkoIVoABV_7OlchmK1s6IDlimy8hST/view?usp=sharing

EXTRA CURRICULAM ACTIVITIES

- I had worked for up-gradation of our college website where I am the leader of my group. For that we use HTML CSS JS BOOTSTRAP UI/UX such things, and implemented on the site!!
- Manage a college level Dandiya program with 5 to 6 coordinators also had managed Ganesh Chaturthi Festival.

PERSONAL PROJECT

- Created College level Fair Website in the time of pandemics of Covid-19 the link of Github is given below

<https://ash2609.github.io//coeafair.github.io/>

- Created a College level project-**An interactive platform for employment using big data.**
